BIG SUCCESS

The Eighth Annual Tobacco Fair Passes Into History.

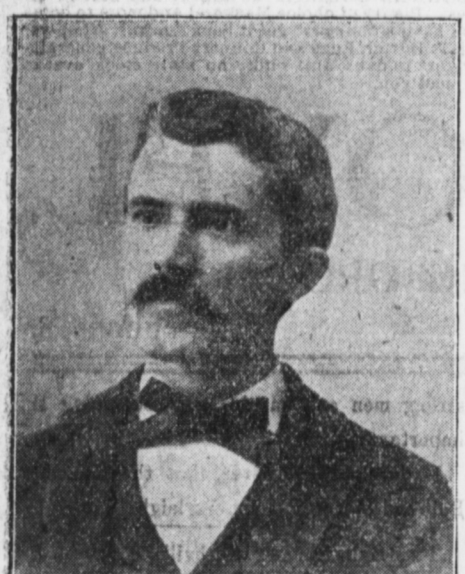

FINE DAY AND BIG CROWD

Awarding Premiums and Those Who Got the Coin.

After two months of hard and incessant labor the promoters of the Maysville Tobacco Fair have the gratification of the fulfillment of their wishes in making the Eighth Annual exhibition the biggest and best of them all.

The day was almost identical with that of last year, the morning dawned with a leaden sky and as the day advanced clouds gathered portending rain or snow, and about 3:30 o'clock snow began falling and covered the ground to the depth of an inch or more.

MAN BEHIND THE GUN.

The people were here nevertheless; from near and afar they swooped down on the old town such numbers that from a crowd by noon it swollen to a multitude.

The morning was consumed at the Court-house in receiving, assorting and awarding premiums.

The samples were of a very high order, and it was no easy task to pick the best, as the selections were all of a most excellent quality and standard.

In every class there were from thirty to forty entries.

The following were the awards made in the tobacco, corn, wheat and potatoes classes—

Afternoon.

Long before the appointed hour for the exercises to begin the Opera-house was crowded from auditorium to pit, possibly the largest assemblage ever gathered in the house.

It was a picture of human faces most beautiful to behold; ruddy cheeks, the reflex of outdoor toil, robust and intellectual in appearance, the very personification of perfect manhood; it was a grand sight from a vantage point of view to gaze upon.

Mr. John Duley, President of the Board of Trade presided. The exercises were opened with prayer by Rev. P. A. Cave, Pastor of the Christian Church, after which Harry C. Curran, Secretary and Treasurer of the Board of Trade, delivered a welcome address that was unique and fetching, in Mr. C.'s most pleasing and entertaining style.

Joseph E. Wing of Ohio, who is an expert in agriculture, delivered an address on the possibilities of Kentucky, and was followed by W. A. Bennett, President of the Chamber of Commerce, Cincinnati, who was introduced by John L. Shuff, also of Cincinnati.

Hon. A. T. McDonald, President of the Greater Louisville Exposition, was detained at home on account of sickness, and his place was taken by Major Marmaduke Bowden, a most interesting and delightful orator. Addresses were also made by Hon. E. E. Shipley, President Business Men's Club, Cincinnati, and Hon. Clarence LeBus, President of Tobacco Growers' Association, Cincinnati.

Chief interest during the day centered in the sale of samples which were auctioned off by salesmen from Lexington, Louisville and Cincinnati. The bidding was lively between the Lexington and Cincinnati warehouses, the Cincinnati men finally winning, when they offered \$90 for 100 pounds of Cigarette tobacco of a very fine grade. The United States Tobacco Company of Lexington bought the red leaf, lugs and bright leaf, paying \$34, \$70 and \$51 respectively.

The heat is transferred to other rooms by means of pipes similar to those used with furnaces.

DAN RICE AND DOVER.

When Dan Rice, the veteran clown and showman, was exhibiting his one ring circus in Ripley, he said to his Ringmaster:

"Say, did you know that I'm going to leave the United States?"

"No," replied the boss of the whip. "Where are you going?"

"Why, I am going to Dover," said Dan.

The popular showman visited Dover every season with his circus and had scores of friends there who often drank and joked with him.

It seems very appropriate that the Pope should confer the red hat upon Mgr. BONNETT, Bishop of Viviers.

PRESIDENT ROOSEVELT says public parks and playgrounds should be established in every city. Maysville will please sit up and take notice.

THE soaring prices for the necessities of life should remind us that when we ask for a square deal we should also put in a word for a square meal.

THE Boston Advertiser says JOHN D. ROCKEFELLER has now appeared in wax in a New York museum. But up to date he has never been done oil.

THE usually conservative Cincinnati Enquirer publishes the following little tip, which sounds like it is inspired by something besides mere rumor. It says—

"The President's irrevocable purpose is to 'keep out.' The Enquirer is tempted to throw a flood of light on the 'mystery.' It has the story from a man who 'knows all about it.' You have heard of him. A Presidential nomination in 1908? Not for THEODORE. His year is 1912."

THE state of Ohio is absolutely out of debt, and has five million dollars in the Treasury. Ohio tax payers do not pay one penny directly toward the support of the state government. The corporation excise tax not only brings enough money into the treasury every year to pay off the expenses of operating the state government, but leaves a small surplus. The direct taxes paid by the people all go to the maintenance of the schools of the state.

PARSON UZZALL, the Denver divine who is holding a meeting in New York, declares that it costs \$625 on an average to save a soul in Indianapolis, \$450 in Boston, \$525 in New York, \$78 in New Orleans and \$50 in Louisville. Has any one figured out the cost of saving sinners in Maysville?

WITH 95% of the total output of American manufactures consumed at home, it is easy to understand why the great bulk of producers should be "stand-patters," easy to see that they are twenty times more concerned in maintaining level and stable conditions in the American market than in seeking foreign fields of exploitation.

AT the recent State Convention of the Negro Equal Rights Association held at Macon, Ga., Bishop H. M. TURNER called the United States a "contemptible Nation," and said that emigration was best for the Negro. He also arraigned the Supreme Court of the United States and said that—

"This tribunal has dragged the Negro and his rights of citizenship down to hell."

The trouble is that this country is just a little too good for such a greasy old anarchist as TURNER, and the sooner he is made to talk sanely the better it will be for his race and the millions of us who have a decent respect for the institutions of our country.

SPECIAL COMMISSIONER

To Be Named By Federal Judge Cochran to Hear Proof in Freight Rate Cases

The Railroad Commission of Kentucky has received from the United States Court a copy of the order which will soon be signed by Judge A. M. J. Cochran, in the case of the Railroads of Kentucky vs. the Kentucky Railroad Commission.

This is the case which Judge Cochran heard in chambers in Maysville last week.

The order has been delayed because of the failure of counsel to agree on a Commissioner. They will be allowed several days more to try to agree, and if they again report a disagreement Judge Cochran will appoint a Commissioner. This will be a very important place, for all the business of the roads is to be investigated, and it is estimated that whoever is appointed Commissioner will receive a fee ranging from \$6,000 to \$15,000.

The case in point is of great importance, both to the people and the railroads. Last summer the Railroad Commission made an investigation of freight rates in Kentucky and found that certain of the railroads were charging the merchants of Louisville just 25% more freight rates than they were charging Cincinnati merchants. In other words, the freight rate now prevailing from many Kentucky points to Cincinnati is just 75% of the rate charged from certain points to Louisville. It was held that the freight rates to and from other points were excessive.

The State Railroad Commission, therefore, decided, in an opinion written by Mr. McChord and approved by Commissioners Siler and Ferguson, that no railroad in Kentucky should be allowed to charge a higher freight rate than 25% less than the rate now charged on the main stem of the Louisville and Nashville, running from Louisville through Bowling Green to Nashville. The railroads sought an injunction from the Federal Court on the plea that the order amounted to confiscation of property. Judge Cochran granted a temporary injunction. He now proposes to have proof taken upon the accuracy of the plea of the railroads.

Judge Cochran's order directs the Commissioner to hear all proof introduced by either side that he may deem competent, to ascertain for the Court just what the railroads are receiving in freight rates, what the running expenses, or, in fact, to secure a full statement

of all the freight conditions and charges in Kentucky.

It develops that the hitch over the appointment of a Commissioner is due to the objections of the Louisville and Nashville Railroad to the appointment of Mr. David W. Farleigh of Louisville.

It was thought an agreement had been reached upon Mr. Farleigh, and when Mr. Farleigh's name was presented to Judge Cochran the Court stated that no better selection could possibly be made; that Mr. Farleigh's high standing as a lawyer and as a man made him an ideal selection, although the Court was of the opinion that all three of the gentlemen suggested, Farleigh, DuRelle and Stone, were

strong men and capable of discharging this important duty.

It developed, however, that the L. and N. Railroad objected to Mr. Farleigh.

The Louisville and Nashville Railroad has granted an increase in wages of 10% to its engineers, effective March 1. An increase of 30% for overtime was also ordered.

At the Conference of the Methodist Ministers and Laymen of Kentucky at Louisville last Friday, Rev. F. W. Harrop, Presiding Elder of this District, made an address on the "Methodist Ministry of Kentucky." Dr. Harrop's theme centered on the proposition that a minister could run his church as a strict business venture, and that it should be financed as other enterprises.

An Unusual Proposition

Made as an inducement to those contemplating installing Gas Ranges this spring and summer to order now while we have the time to make connections promptly. The reason: More brick streets this year means a rush of work for us later on that will interfere with our filling orders and making connections as promptly as we would like. All orders for Gas Ranges placed with us between February 15th and April 1st will not be billed to purchaser until June 1st.

All Connections to Ranges Will Be Made Free; The First \$2 Worth of Gas Used on Range Presented to Customer

And "Cooking With Gas" guaranteed to give satisfaction or Range returned and money refunded any time before July 1st, 1907. Prices of Ranges, \$15, \$17, \$19 and \$24. Terms: Cash June 1st or contract for easy monthly installments dated June 1st. Ranges can be seen at our office on Court street. We invite you to call, inspect the Ranges and let us explain any further details.

DEATHS

After an illness of several months, Mr. George W. Orr, one of Maysville's worthy and highly esteemed citizens, passed away Sunday morning at 4:20 o'clock at his home in East Second street, aged 71 years.

The deceased was born in a house where Dr. Franklin's residence now stands, and the greater part of his life was spent in this city.

In early life he left Maysville on a flatboat loaded with plows with the late James H. Hall and Robert F. Means, going to New Orleans. Coming back as far as Memphis, Tenn., he sojourned there and served on the Police force during the great cholera epidemic, and there married Miss Anna Sparks who preceded him to the grave just six years.

He was a member of the Central Presbyterian Church and at the time of his death was Coroner of Mason county.

In all the relations of life he came up to the full standard of good citizenship.

He leaves six children, four daughters and two sons—Mrs. C. J. Winkler of Lexington, Misses Lula, Mattie and Meek Orr of this city, and Mr. George W. Orr, Jr., of Cincinnati, and Mr. John B. Orr of this city.

The funeral will occur this afternoon at 2 o'clock from his late residence in East Second street, with services by Rev. W. W. Akers.

Interment in Maysville Cemetery.

MRS. MALISSA WELLS.

Mrs. Malissa Wells, wife of George Wells deceased, died Saturday afternoon at her home near Bernard, of general debility, aged 72 years.

She leaves four sons, William Wells of Louisville, Dr. James Wells of Texas, Robert Wells of this city, and C. D. Wells, Superintendent of County Schools.

Funeral took place this morning at 10 o'clock from residence with services by Rev. W. W. Hall.

Interment in Maysville Cemetery.

Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

MISS ROSE MOORE

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes:

Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has cured me of the worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years.

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

Saturday about 5 o'clock, while returning home from a house of mourning, and when near the residence of Mr. Robert Ficklin in East Third street, Mrs. Ann E. Holton slipped on the icy pavement and in falling received a compound fracture of the right arm, besides being bruised about the body. Mrs. Holton is the widow of the late Dr. Holton, and for the past five years has made her home with Mrs. M. C. Russell of East Third street.

The magnificent new Sinton Hotel at Cincinnati will be formally opened to the public today. A thousand persons will attend the banquet tonight at \$3 a plate. The hotel's entire cost was \$2,000,000, and its furnishings, decorations and elaborate construction makes it the wonder of the Queen city and rivals the great hotels of the world.

"Parsifal," at the Opera-house Saturday night, gave great satisfaction, but only a comparatively small audience was in attendance. Of those present a goodly number were from points in the county. The play was in the hands of an excellent company, the scenery was magnificent, and everything needed to bring out most forcibly the old story of the long ago was carefully looked after in detail. While the individual work of every member of the large company was unusually pleasing, that of the leaders, Mr. Connor as Parsifal and Miss Keating as Kundry, was far above the average seen on the local stage.

Mr. Charles Zweigart, formerly of this city, has purchased the Cincinnati Enterprise Lumber Company's branch in Covington. Mr. J. B. Newton, also a former citizen, is to manage the business.

Continued from First page.

The sale of the tobacco closed the fair, which was regarded as one of the best and most successful ever held here.

Notes

The Augusta Band furnished good music; they are a nice set of fellows.

Mr. and Mrs. Gordon Asbury of Fernleaf were in the city Saturday.

Mr. J. D. Bridges, one of Portsmouth's live business men, was here Saturday attending the Tobacco Fair.

Mr. Joseph Walton, one of Lexington's leading tobacco men, was here Saturday and assisted in making the Tobacco Fair a success.

Editor R. R. Perry announced in his speech that Winchester would hold a Tobacco Fair next year.

Hon. Hubert Vreeland, Commissioner of Agriculture, contributed \$135 towards paying expenses of the Tobacco Fair.

Dover was much in evidence. Besides carrying off nine premiums, two of her native sons figured conspicuously—Hon. W. A. Bennett, President of Chamber Commerce, Cincinnati, and Mr. Harry C. Curran, Secretary and Treasurer Board of Trade, this city.

When the Cincinnati delegation, headed by the First Regiment Band of twenty-five pieces marched onto the stage two hundred strong, the immense audience rose to its feet and cheered in a lusty manner. The Queen City boys were the real thing.

A telegram from G. B. Wall, Richmond, Va., was read stating that Richmond would pay whatever was asked for the premium tobacco samples, as they were wanted for the Jamestown Exposition, the announcement creating considerable enthusiasm.

General Michael Ryan, President of the Cincinnati Abattoir Company, is a speaker of the wit and humor order, entertaining and instructive. His French accent easily establishing his nationality.

The Business Men's Club, led by its President, E. E. Shipley, and the Leaf Tobacco Board of Trade, attracted attention as they marched to and from the Opera-house.

The Press was represented by A. R. Dunlap of The Louisville Courier-Journal, H. Duley, Flemingsburg Times-Democrat, R. R. Perry, Sentinel, Winchester, J. E. Anderson, Dover News, G. W. Oldham, Public Ledger, John J. Altmeyer, Evening Bulletin and W. H. Lynch, Cincinnati Enquirer.

OUR PRIDE IS IN THE WORK HARNESS

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the weakes' place mus' stan' the strainin', 'n the way t' fix it, uz I maintain is only jes' to make that place uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Do you not think this is full value received for every cent invested?

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation

For months Maysville readers have seen constant expression of praise for Doan's Kidney Pills, and read about the good work they had done in this locality. Not another remedy ever produced such convincing proof of merit. A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills today more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent, and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
